BALI

A woman with dark, wavy hair is captured in a moment of pure joy, laughing with her eyes closed and mouth wide open. She is wearing a vibrant, sequined red dress and large, ornate earrings. She holds a golden saxophone, which is the central focus of her attention. The background is a wall covered in a patterned wallpaper featuring several peacocks in shades of blue and green, set against a light, floral background. The lighting is warm and dramatic, highlighting the woman's face and the texture of her dress and the wallpaper.
